

ABOUT

PUR Projet is a global leader in supply chain sustainability. We develop socio-environmental projects within the supply chains of our Corporate Partners. Through the economic and social empowerment of local communities and the introduction of sustainable development initiatives at the agricultural level, PUR Projet seeks to address climate change, while regenerating and preserving the ecosystems upon which these supply chains depend. Many of PUR Projet's projects fall within the categories of inseting, regenerative agriculture, agroforestry, forest conservation and landscape restoration. PUR Projet employes over 80 people in 14 countries and 9 legal entities around the world.

As PUR Projet is expanding worldwide we are looking for a dynamic and organised Projects manager

As a key member of the Africa team, you will work directly with West Africa Regional Manager. You will develop, coordinate, roll out, monitor ecosystem restoration, agroforestry and supply chain projects with Ivorian communities and cooperatives such as but not limited to:

- **Project design & management**

Hire, manage and train the ivorian team of field supervisors. Set-up, plan, cordinate and monitor the implementation of projects activities with the team of supervisors (agroforestry, cookstoves, beekeeping and awareness raising) Build, train and manage local partners (cooperatives). Control quality of implementation, improve proceedings. Manage project contracts & project budgets.

- **Project Monitoring**

Monitor projects outputs : adapt and implement data collection tools, consolidate and analyze field data. Update reporting and communication tools. Coordinate the monitoring of projects impacts.

- **Projects development**

Assess the feasibility of, and design new ecosystem restoration projects in Ivory Coast : organize, conduct and report the logistics of feasibility studies, prepare and participate of feasibilities studies partners.

- **Partnership management**

- **Team support**

Support his manager on key initiatives and business development opportunities including but not limiting to supply chain, social development, environmental and agronomic research.

Manage existing and, progressively, new activities in Ivory Coast.

You have experience related to the coffee/cocoa supply chain and/or cocoa/coffee agronomy,

You are a team player, and you want to contribute to a safe workplace,

You have an entrepreneurship mindset and good at management operations,

You are passionate about climate, forestry and ecology,

This position is for you!

We are looking for a candidate with:

- Minimum of 5 years in sustainable cocoa production in Ivory Coast including agroforestry, forest conservation and market access facilitation.
- Graduated from a MSc in Natural Resource Management, Agronomy, Forestry, Agroforestry, Rural Development or equivalent experience
- Strong knowledges in management of community **nurseries**
- Organizational skills, reporting & team management
- Stong knowledge on data management, Excel
- Must be fluent in French and English, Fluency in Dioula will be a strong asset.

How can you apply?

Send your CV + short cover letter in English (before January 10th) to: louise.barreau@purprojet.com and delphine.dekeister@purprojet.com with the subject Projects manager Ivoary Coast to request a telephone interview.
