

ABOUT

PUR Projet is a global leader in supply chain sustainability. We develop socio-environmental projects within the supply chains of our Corporate Partners. Through the economic and social empowerment of local communities and the introduction of sustainable development initiatives at the agricultural level, PUR Projet seeks to address climate change, while regenerating and preserving the ecosystems upon which these supply chains depend. Many of PUR Projet's projects fall within the categories of insetting, regenerative agriculture, agroforestry, forest conservation and landscape restoration.

PUR Projet is a mission company and B Corp which employes over 80 people in 14 countries and 9 legal entities around the world.
