

ABOUT

PUR Projet is a global leader in supply chain sustainability. We develop socio-environmental projects within the supply chains of our Corporate Partners. Through the economic and social empowerment of local communities and the introduction of sustainable development initiatives at the agricultural level, PUR Projet seeks to address climate change, while regenerating and preserving the ecosystems upon which these supply chains depend. Many of PUR Projet's projects fall within the categories of insetting, regenerative agriculture, agroforestry, forest conservation and landscape restoration.

PUR Projet employees represent over 80 people in 14 countries and 9 subsidiary companies around the world.

www.purprojet.com

PUR Projet is seeking for a M2 student apprentice to work on ecosystem restoration projects in Europe.

As a member of the European team, you will report to the Project Manager and will be involved on different topics : coordination, management, follow-up and monitoring the activities in various projects across the region.

Your mission will be to support the coordination, the management and the monitoring of agroforestry and reforestation projects, working with local partners and agricultural communities on behalf of PUR Projet's clients; for the purpose of restoring ecosystem services and supporting sustainable livelihoods. Missions will include to:

- **Project management:** Set-up, plan, coordinate, and monitor the implementation of project activities, train and manage local partners, control quality of implementation, improve proceedings, coordinate monitoring activities, update Reporting and Communication tools and formats.
- **Project monitoring:** Monitor projects outputs (adapt and implement data collection tools, consolidate and analyze data, contributes to regular reporting on progress and budget), coordinate the monitoring of project impacts.
- **Field visits:** Plan, coordinate and conduct regular field visit to project sites in collaboration with local field partners, organize and animate multi-stakeholder meetings, produce detailed visit reports including constructive feedback for project improvement.
- **Partnership management:** Support the Programs Team in coordination of projects, partners including clients, local partners and beneficiaries; coordinate project field visits with and for clients and partners.
- **Support innovation:** Contribute to the improvement of PUR Projet's tools and proceedings, contribute to the improvement of PUR Projet's training and educative material.
