

ABOUT

PUR Projet is a global leader in supply chain sustainability. We develop socio-environmental projects within the supply chains of our Corporate Partners. Through the economic and social empowerment of local communities and the introduction of sustainable development initiatives at the agricultural level, PUR Projet seeks to address climate change, while regenerating and preserving the ecosystems upon which these supply chains depend. Many of PUR Projet's projects fall within the categories of insetting, regenerative agriculture, agroforestry, forest conservation and landscape restoration. PUR Projet is a B Corp Company which employs over 110 people and a presence in 10 countries.

PUR Projet Is Recruiting A Program Manager based in Peru

PUR Projet is seeking an ambitious, creative and engaging, impact driven individual to represent PUR Projet in the Latin American Region (particularly Peru and Colombia) on topics related to fundraising, government and partner relationships, collaboration with PUR Projet's international Program's Team on activities in the region and development of new clients and partnerships in the region. The successful candidate will join a dynamic Latin America team of 10 people.

Key responsibilities will include:

- 1. Program Management:** maintaining positive dialogue with key corporate partners, supporting the team in providing expected deliverables around impact monitoring and contractual agreements, monitoring budgets and facilitating access to Industry frameworks, supporting international teams on the scoping, design and scaling of landscape level ecosystem restoration and protection activities in the Latam Region (particularly Peru and Colombia) in close collaboration with PUR Projet's Regional & Country Managers in Colombia and Peru.
- 2. Business Development:** supporting the growth strategy for specific types of projects and commodities; developing proposals for new and existing clients; designing project concepts meeting Industry needs and targets for climate and procurement strategies
- 3. Sector Knowledge:** conducting research and reviewing Industry standards and certifications, sectoral initiatives, national and international policies, supply chains trends, environmental tools and mechanisms
- 4. Project reporting :** Directly engage and report to international clients that are participating in regional projects. With International Programs Teams, coordinate reporting of project impacts, roadmaps and deliverables, communications and governance.
- 5. External communication :** Engage Government on topics related to natural resource management, climate policy (nationally determined commitments), forest policy and land tenure as it pertains to design, implementation and impacts of PUR Projet's regional projects. Represent PUR Projet publicly at regional and international conferences, with existing and potential clients, in regional industry networks/initiatives and with existing and potential collaborative partners.

We are looking for a candidate with:

- Master Degree or equivalent experience in relevant fields including but not limited to sustainability, agriculture or international development; academic experience related to animal-supply chains or on regenerative practices seen as a plus
- Successful team management experience
- Minimum of 5 years combined experience in the development and administration of sustainability programs with corporate clients or institutional funders. Experience in business and activities related to nature-based solutions, reforestation, biodiversity, carbon, livelihoods and/or agriculture.
- Any experience related to carbon, climate, agroforestry, social and environmental policy, business development and corporate social responsibility will be seen as an asset
- Strong desire to commit and dedicate his/her energy to restoring and protecting natural ecosystems and supporting sustainable livelihoods of smallholder farmer communities.
- Professional fluency in English and Spanish.
- Proficient in the use of Microsoft Excel and Powerpoint

How can you apply?

Send your CV (before November 15th) to: <https://purprojet.recruitee.com/o/program-manager-peru> to request a telephone interview. The final two stages of the recruitment process will be a case study and a team fit test. Please be prepared to have two references, and extra deliverables if possible, available upon request.
